Hi Lilly, Angeles and Enrique,

Thanks for sharing this. Does this mean that DTSC is no longer being asked to speak at the Monday's Hearing? Thanks.

*****MEDIA ADVISORY*****

**Hearing on Clean-up Methodology and Timeline at
Hunters Point Shipyard**

San Francisco, CA – Supervisor Malia Cohen introduced a hearing for the Board of Supervisors to discuss the clean-up timeline and disputes between federal regulators and the United States Navy on the percentage of Parcel G to be retested, along with the methodology for retesting soil at Hunters Point Shipyard.

Confirmed presenters include:

United States Navy
Tetra Tech, Inc.
United States Environmental Protection Agency
San Francisco Department of Public Health
San Francisco Office of Community Investment and Infrastructure

“I look forward to hearing from the scientists and technical experts who I have invited from the agencies responsible for this expansive timeline of events about ongoing claims of mismanagement,” said Supervisor Cohen. “Monday is an opportunity to directly address the accusations and resounding concerns from my constituents. Neither the City nor the public has received fair or timely information. We deserve clear answers.”

The hearing will take place in the Land Use and Transportation Committee on Monday, May 14, 2018 at 1:30 pm.
